A FEW OF MY
FAVORITE
THINGS

My husband and
best friend

Each one of my six
kiddos

Going to the beach

Reading a really
good book series

Watching movies

Mexican food

Anything
Chocolate

Taking pictures of
everything

Soft and squishy
newborn babies

HELLO

So glad to have you here!
I'm Stacie Bozer , an Arizona based
photographer specializing in newborn
portraiture.

Babies are one of the most precious joys to enter the world and they bring so much love and happiness with them. Newborn babies are tiny, soft, and cuddly, but they don't stay that way for long. Their first weeks can just slip by without you noticing. Capturing this fleeting moment with newborn photography is a way for you to remember forever.

PHOTOGRAPHY

WHAT TO EXPECT

My portrait photography style is pure, natural and timeless. It is important to me that your beauty and the connections that you share with your precious new baby are not overpowered by distracting props and bright colors. Keeping my sessions to a neutral color palette ensures that all the attention is on your sweet baby and his or her loving new family, all while creating beautiful art pieces that will stand the test of time.

BEFORE THE SESSION

The agreed upon date for your portrait session is officially on my calendar as soon as your retainer has been paid. Outdoor portrait sessions are scheduled 1-2 hours prior to sundown (time varies during different seasons of the year) on Tuesday and Saturday evenings. If booking a newborn session, I will reserve the time around your due date on my calendar. Once your baby is born we will schedule the actual date and time for you to come in. Newborn sessions are scheduled Monday-Thursday starting at 10am.

DURING THE SESSION

My goal for every session is that you will be able to relax and enjoy yourselves. Let me take control of directing and posing. Of course, if you have ideas that you would like to incorporate into your session, I am more than willing to try it out. It is your session and I want you to love everything about it. My hope is that you will always have fond memories of this time capturing these once in a lifetime moments.

AFTER THE SESSION

I know that at this point you are anxious to see your beautiful images! I will post a sneak peek of 1 or 2 images on Instagram or my Facebook business page within 24-48 hours after the session. At this time I will choose the best 20+ images to edit and upload to your own custom online gallery. In about 2 weeks I will contact you with the link to view and download all of these images onto your own computer to store however you would like. You have the option of ordering professional prints directly from your gallery as well.
